Access to care, cardiovascular disease, mental health services and nutrition were seen as significant concerns that affect many residents. The distribution of behaviors and health outcomes consistently follow social and economic patterns. Furthermore, some barriers to accessing care continue to prevent current programs and initiatives from reaching the populations in need. These challenges present important opportunities for the future. As we move forward as an integrated community of health care, social services and community leadership, we can leverage community assets to improve the health of residents in Floyd, Polk, Chattooga and Cherokee counties.

Part I, Line 2 - Procedures for Monitoring the Use of Grant Funds

It is the policy of the organization to establish procedures to potentially secure payment for healthcare services via extension of insurance benefits through COBRA.

This extension of insurance coverage will be provided on a case-by-case basis. The hospital's role in coverage payment will be reviewed monthly; there is no obligation for the hospital to continue coverage payment beyond the initial stated length. This coverage payment is not typically intended for longer than a specific service event.

In general, as FHMI is approached by individuals of the community for services, assigned staff will examine patients for potential qualification for this program. Upon qualification, payment of the insurance premium is made to the employer/insurance company. Patient liability will be evaluated and discussed with the patient/guarantor prior to discharge. This discussion will follow the same protocol as other patients with residual liabilities. Finally, a 1099 tax form is issued to the patient.

Tuition Policy:

The organization provides opportunities for training, development, and advancement which are consistent with individual ability and performance as well as budgetary limitations and needs of the organization. FHMI will share in the cost of tuition and books for classroom and/or correspondence

Form 990, Part VI, Line 4 - Significant Changes to Organizational Documents  
Floyd Healthcare Management, Inc. ("FHMI") made changes to its governing documents since its last 990 Filing. On July 14, 2022, Floyd Healthcare Management, Inc. entered into a Member Substitution Agreement with The Charlotte-Mecklenburg Hospital Authority ("CMHA") and AH Georgia, Inc., a North Carolina nonprofit corporation and wholly-owned subsidiary of CMHA whereby AH Georgia, Inc. became the sole member of FHMI. Prior to that date FHMI was a memberless Georgia nonprofit corporation. CMHA and FHMI determined that the Membership Substitution Agreement would allow two leading and complementary health systems to bring value to the communities they serve beyond what either CMHA or the Floyd Health Care System could do on its own. The objectives of the transaction were to:

A.enhance the mission of the Floyd Health Care System to be responsive to the communities it serves with a comprehensive and technologically advanced healthcare system committed to the delivery of care that is characterized by continually improving quality, accessibility, affordability and personal dignity, and its vision of being the regional health care provider of choice and the employer of choice by striving to deliver patient and family centered care that is compassionate, sensitive and respectful of each individual's needs;

B.provide quality, cost-efficient and innovative health care services to residents of northwest Georgia (and other locations in Georgia and Alabama where the Floyd Health Care System currently provides health care services) while maintaining the accessibility and affordability of a local health

care provider;

C.maintain and enhance the historical levels of indigent and charity care provided by the Floyd Health Care System on a going forward basis;

D.strengthen the Floyd Health Care System physician enterprise by (a) supporting and enhancing the Floyd Health Care System's primary and urgent care providers and facilities, (b) providing the Floyd Health Care System with access to regional specialists and specialty clinical services, (c) deploying CMHA's demonstrated ability to attract, recruit and retain qualified physicians, (d) providing access to CMHA's physician practice management capabilities, intellectual capital and clinical best practices, and (e) optimizing the Floyd Health Care System's existing physician infrastructure and related capabilities;

E.ensure that FHMI maintains significant and meaningful roles in ongoing local governance and management at the appropriate levels of representation among and between FHMI and CMHA, as provided herein;

F.support Floyd with the capital commitments necessary to fund strategic investments and routine annual maintenance capital expenditures, as provided in the Member Substitution Agreement;

G. provide meaningful opportunities to optimize economies of scale and create operational efficiencies in corporate management and back-office functions, yet seek to help the delivery and ongoing improvement of healthcare at the local level;

H.provide the necessary financial, clinical, and corporate support to expand FHMI's, Polk Medical Center Inc.'s (a subsidiary of FHMI) and Floyd Cherokee Medical Center's (a subsidiary of FHMI) facilities, services, operations, and workforce, as provided in the Member Substitution Agreement, with the objective of enhancing the Floyd Health Care System's

ability to serve its community; and

I. Expand the CMHA health system and provide a foundation for further regional growth, by adding a high-quality health system component that is successfully integrated into CMHA's quality care delivery and administrative services.

As part of the transaction FHMI amended and restated its Articles of Incorporation and its corporate bylaws in the form attached hereto.

Form 990, Part VI, Line 7a - Election of Members and Their Rights

The organization's board makes all decisions related to appointment of members of the board. The CEO is automatically a member of the board by virtue of his position in the organization. Floyd Healthcare Resources' Board Chairman is automatically a member of the FHMI's board by virtue of his position in the organization. By contract, the organization agrees to have two of the Floyd County Board Commissioners on the board.

Form 990, Part VI, Line 11b - Organization's Process to Review Form 990

The Organization's CEO, CFO, controller, legal counsel and employees of FHMI review the Form 990 for financial and disclosure accuracy. Prior to its filing, a copy of the Organization's 990 return is posted on the Board of Director's secure website for their review. Management will send an email notifying members of its posting.

Form 990, Part VI, Line 12c - Enforcement of Conflicts Policy

Floyd Healthcare Management, Inc. ("FHMI") has a written policy respecting conflicts of interest and disclosure of same. Generally speaking, the

policy requires any "Covered Person" who believes he has a conflict of interest to:

-disclose the existence and nature of the conflict of interest (including all facts known respecting the subject matter) to the chairman of the board;

-play no part, directly or indirectly, in the deliberation or vote of the board of directors with respect to the determination of whether a conflict of interest exists; and

-absent himself from that portion of the meeting at which the conflict of interest is discussed.

The definition of a "Covered Person" includes all board members, officers and members of senior management of FHMI.

When a Covered Person discloses a potential conflict of interest to the board chairman, the chairman is obliged to bring the matter to the attention of the full board. The board determines whether a conflict of interest actually exists. If the board determines that there is a conflict of interest, the transaction or matter giving rise to the conflict of interest may not proceed unless the board determines, by a majority vote, that, despite the conflict of interest, the transaction/matter is nevertheless in the Corporation's best interest and is fair and reasonable to the Corporation.

In addition to the requirement that a Covered Person disclose a potential conflict of interest at the time it arises, each Covered Person is also required to submit, on an annual basis, a 'Conflict and Disclosure of Interest Questionnaire'. This multi-question document serves as a reminder and prompts each Covered Person to ponder those areas and situations where a potential conflict might exist.

Additionally, any proposed transaction at FHMI which involves an "insider" (i.e., a board member, officer, manager, etc.) is scrutinized, with the assistance of corporate legal counsel, from the standpoint of whether the transaction will result in any excess benefit to the insider. Typically this involves obtaining appropriate data regarding comparability which is provided to the board for its use in determining that the consideration being paid to the insider as a part of the transaction is reasonable and does not exceed the value of the benefit received by FHMI.

Form 990, Part VI, Line 15a - Compensation Process for Top Official

It is the responsibility of the Compensation Committee of Floyd Healthcare Management, Inc. Board to actively manage and monitor executive compensation. To do so, the Committee has established the following objectives for the executive compensation program:

- Provide a competitive total compensation earning opportunity to recruit, retain, and reward the executives needed to meet the community's healthcare needs, now and in the future;
- Provide pay opportunities that will reward the executive team when organizational performance in key areas is demonstrated;
- Incentive compensation under the executive incentive compensation plan is payable only in the event the organization's operating margin from operating revenue exceeds certain parameters established by the Compensation Committee;
- Ensure that the compensation programs are easy for all interested parties to understand.

Annually, the Committee reviews the appropriateness of the total compensation provided to each executive:

-As related to the competitive market pay rates;

-As related to the individual's role and responsibility in the organization;

-As it pertains to variable or incentive earning opportunities relating to the performance of the organization.

To determine the market rates for each position, the Committee utilizes an outside consultant to survey comparable organizations to develop an appropriate range of pay for each executive position. This range generally reflects the pay practices and levels of comparable organizations in Georgia, the Southeast, and across the country.

Specifically, the Committee reviews data for market rates of base salary and total compensation (the combination of base salary and bonuses).

After reviewing this data, the Committee assesses the appropriateness of the base pay levels for each executive within a range that generally reflects industry norms.

In addition to monitoring base salaries, the Committee is responsible for administering the executive incentive compensation program. The program is designed to:

-Further align executive pay with the strategic and operational achievements of the organization;

-When the organization achieves results in key areas of performance, to appropriately reward executives according to that program;

The Committee has also established Supplemental Executive Retirement Programs (SERPs). These SERPs were designed with the advice and help of consultants and are designed to retain and reward executives with retirement opportunities that are consistent with market practices in Georgia, the Southeast, and across the country. In 2001, these plans

vested two executives.

It is the philosophy of the FHMI Board that the combination of the incentive earning opportunity, the base salary, and the SERPs will provide a competitive compensation level to each executive that reflects the market for each position and organization performance. The Committee has developed the program to recruit, retain, and reward executives in order to meet the present and future needs of the organization to provide a high quality of patient care to the community in a cost effective manner.
